

# Every Child Deserves a Summer Camp Experience

Located on 450 lakefront acres in Windsor, NH, Camp Wediko is a six-week residential camp that serves children and teens ages 8-18 experiencing complex social, emotional and behavioral challenges. For nearly 90 years, Camp Wediko has thoughtfully combined a true summer camp experience with therapy and individual supports, providing a fun-filled seasonal adventure for youth who otherwise wouldn't have access to such a key developmental experience.

Campers live in cabins and spend their days in constant motion, enjoying outdoor activities and participating in periods of literacy, math and science to help them carry social and emotional skills into the classroom. Special events are also planned throughout the summer, including talent shows, themed dinners and more!

Camp Wediko's strength-based approach and high staff ratio make it a one-of-a-kind program that allows campers to experience fresh air and friendships, gain confidence and make memories that will last a lifetime.

At Camp Wediko, our goals are to...

- ♥ Offer campers a safe, fun and feel-good environment in which they can experience success
- ♥ Introduce youth to new experiences that challenge and empower them
- ♥ Provide individualized therapeutic supports while focusing on the unique strengths of each camper
- ♥ Thoughtfully work toward personal objectives established by campers and their families
- ♥ Develop new skills and competencies to use at home and in the classroom
- ♥ Encourage campers to explore and celebrate their strengths and successes

## About Us

Camp Wediko was established in 1934 by Dr. Robert Young and his colleagues who envisioned an outdoor oasis for struggling children. More than eight decades later, Camp Wediko continues to provide a robust, therapeutic summer program for children and teens, never losing the original sense of fun! Wediko's clinicians are embedded within the program and work with campers every day and in the moment. They develop strong relationships with each camper and help them make profound social and emotional gains.

"Camp Wediko has done more for me than any other place—just in the summer. I have seen the growth in myself and have developed coping skills that have allowed me to be successful not only at camp, but at home and in school."

—A four-year returning camper

## CAMP WEDIKO is a program of

**THE HOME** FOR LITTLE WANDERERS **ME**  
BETTER, BRIGHTER FUTURES FOR KIDS

In 2020, Wediko joined The Home for Little Wanderers' family, bringing together two organizations with long and rich histories of service. For over 200 years, The Home has helped build stable lives and hopeful tomorrows for vulnerable children and their families. Our 25+ community-based and residential programs serve thousands of at-risk youth from birth to age 26. Many of these children have experienced abuse, neglect, trauma or a disrupted family life. As the oldest child welfare agency in America, we provide them with safe surroundings, permanent loving relationships and a secure path toward a better, brighter future.
